“My most memorable moment from our season happened when I tripped against East Windsor. I was running backward from a person on the other team and I tripped over my own stick. I felt like an idiot.” - - - Karen Tersavich

Mr. Clarkin offers advice to Garrett Vose on the sidelines.

"It was a great experience to be on an undefeated team because you don't often get the chance. We probably realized we'd go undefeated after our second game against Vernon. They were the best team we faced. A lot of parents supported us at our games, even at the away games. Even parents who worked got there. It was great!" - - - Brian Buffone

At halftime, the team gathers for some encouraging words from Coach Clarkin.

Mark Lepak centers the ball, leading to a goal.

My most unforgettable moment came at our last game. Kim Bridge poured the whole water jug over Mrs. Holmes after we won. Then the team carried Mrs. Holmes off the field.

There were two memorable moments. We asked Kenon Carter if he could fit in a locker and we wanted to see. So, we stuffed him into one in the locker room. Then, at East Hartford, we went into the gym and there must have been a million people there. We walked out and they all started laughing at us.

I had two memorable moments. The first was when we threw Erica Johnston in the pool. We wanted to do it after a game but there were people in there, so we had to wait. We finally got her before a practice. The second happened when we beat Vernon. We lost in overtime the first time but we came back and beat them on our court. It was great!
